

## Châteauneuf du Pape

### AOC LEVEL

Village.

### GRAPE VARIETIES

Grenache, Syrah, Cinsault, Mourvèdre, etc... - Dry red wine.

### AREA OF PRODUCTION

Situated in the southern sector of Côtes du Rhône, on the bank, near the ancient Papal Town of Avignon.

### GEOLOGY

Soil made of red clays with large quantities of big pebbles, ancient alluvial in origin, on an upraised plateau.

### VINIFICATION

Vinification : partly carbonic maceration for fruit, partly classical red for body.

### MATURATION

Ageing in stainless steel vats in 228 oak casks, for 12 to 18 months.
